Reasons for Delays in First Patient Consented

Internal delay: delay due to UH Bristol Trust issue
Both internal and external delay: contributing factors for delay from both UH Bristol and external party, e.g. contract review
External delay sponsor: examples include delayed site initiation visits, green light visit.
External delay protocol design: protocol stipulates that very rare patient group/low recruitment or other protocol design which means site is unable to reasonably expect to recruit within 70 days.
External delay University: any University involvement contributing to the delay- e.g. contract review
External delay other Trust: a delay caused by an external Trust e.g. reviewing contracts, delaying initiation.
External delay other: any other delays which fall outside the above categories and are due to factors external to the Trust.
