

The Bristol Paediatric Dystonia Symposium Bristol, Friday 30/09/16

This one-day event is intended to expand and consolidate knowledge on primary and secondary dystonias in children. The focus of the day will be on clinical assessment with emphasis on currently available medical and surgical management options.

This educational activity will be of benefit to community and hospital paediatricians, paediatric trainees, paediatric neurologists and neuro-disability paediatricians and trainees, physiotherapists and occupational therapists.

This event has been approved 6 CPD credits from RCPCH

Date Friday 30th September 2016
